Notes from the Chair

Diane Dendy

HOA Monthly Board Meeting: Our next regular meeting is on February 9, 2021 at 6:30 pm in the HOA office. We will maintain social distancing and wear face coverings. It was good to have some community members join us at our last meeting! **Please call 541-236-7284 and leave a message if you plan on attending!**

Members Needed: We are going to need two or three volunteers from our High Desert Estates community to join the HOA Board during our Annual Meeting this May! Please let a Board member know of your interest. Thank you!

Goal Setting: The Board will be setting HOA Goals for the coming year. Please help us be a better volunteer team by providing input on how to improve our community! Call 541-236-7284, email <https://www.desertsky.org/HDEHOA/> or leave a signed message in one of our four HDE mail drop boxes with your input. Some planned projects for this summer are painting a water cistern, painting white stop lines on Vicki and Lauren Roads, and changing sign poles from wood to metal.

Roads: Even though we did not yet get a lot of snow so far this year, we **Appreciate** volunteers Bill Huret and Jim Perrigo who take care of our roads, including snow removal when needed.

Water System: We recently needed to replace a water pump. Our water system continues running smoothly with good water pressure. We **Appreciate** our water master, Allen Dendy, for his hard work on our behalf!

End of notes from the Chair - Stay safe!

Christmas Lights: Donna Reynolds has expressed her appreciation and wants to thank all High Desert Estates residents for their beautiful display of Christmas lights!

Garbage and Recycle Trash Cans: It is requested that all residents get their trash cans off the road and tucked away as soon as you can... preferably by the end of garbage pick-up day! If you will be gone, perhaps you can ask a neighbor to help and offer to reciprocate. When cans are quickly removed from the road: you do not advertise you may not be home, they no longer create the potential for a traffic hazard, and they may also avoid creating an issue when snow plowing. It was noted that during a recent snowfall, 8 residents left their garbage cans on the road creating a narrowed traffic lane with large piles of snow on the road making it difficult to plow! Thank you for your help with this!

Warm regards, from your Newsletter Editors, Mike & Petra S. Berger

Volunteer... Your HELP makes a Difference, is Needed, and is Truly Valued!
