RESOLUTION OF THE BOARD

NO 2025-05

Safé Deposit Box Closure, Location of Fire-Proof Safe

WHEREAS, Article VI (OFFICERS) Section 6.6 (Treasurer) of the Restated Bylaws of High Desert Estates Home Owners Association Inc. ("HOA") states in part that, "the treasurer shall be responsible for the deposit of all monies and other valuable effects received in the name and to the credit of the Association in such depositories as may, from time to time, be designated by the Board of Directors"; and

WHEREAS, the High Desert Estates Home Owners Association, Resolution No. 2008-1 dated September 28, 2008 states in part that, "the Association is in need of a permanent location for the storage of Association documents; and

WHEREAS, the High Desert Estates Home Owners Association, Resolution No. 2008-1 dated September 28, 2008 states in part that, "the Board determined that a safe deposit box, located at the bank of the Association would be the best and easiest accessible location for the safety and security of said Association documents; and

WHEREAS, the High Desert Estates Home Owners Association, Resolution No. 2008-1 dated September 28, 2008 states in part that, "two signatories are required to be kept on file with such bank, that the President, and the Secretary/Treasurer should be the persons granted valid entry into such safe deposit box, either jointly or individually and each will be an authorized signatory, and

Based Upon the above Recitals, the Board of Directors of the High Desert Estates HOA resolves as follows:

1. The Board of Directors recognizes the need of a safe, secure, and permanent location for the storage of Association documents, and
2. The safe deposit box located at the bank of the Association, is to be closed by the Board Treasurer, as it no longer aligns with current HOA needs, and
3. That a fire-proof safe, to be donated to the HOA, will be permanently placed at an easily accessible location on the Association Property, and is to be used for document safe-keeping, and to be accessible by the Board of Directors.

NOW THEREFORE, BE IT RESOLVED, upon a motion, second, and unanimous vote of the Board of Directors present, that the High Desert Estates Home Owners Association adopt, establish, and implement this Resolution No 2025-05.

NOW THEREFORE, LET IT BE FURTHER RESOLVED that Resolution No. 2008-01 adopted on September 28, 2008, is hereby repealed and replaced by this Resolution.

Motion made to approve by Mike Kruskopf, seconded by Fred Welty, and passed by unanimous vote of the High Desert Estates Home Owners Association Board Members on this date of October 09, 2025.

Resolution # 2020-2

WHEREAS: The Restated Declaration of Covenants, Conditions And Restrictions for High Desert Estates Subdivision Article VIII states that Water usage shall be kept to the necessities for a single family home with an allowance for a small yard and small garden area. Water consumption shall be kept to 11,220 gallons or less. Water Storage will be provided in an amount sufficient to backup all dwellings for a least one day.

Whereas: Water is a finite resource in High Desert Estates and overuse can be seen as detrimental potentially impacting all residents. The Board resolves to implement the following measures to encourage that we be a Water Conserving Community. The Board reserves the right to implement measures for any Occurrence threatening the water availability on a case to case basis.

Based Upon the above Recitals, the Board of Directors of High Desert Estates Homeowner Association makes the following rule:

Normal: use up to 11,220 gallons at the existing fee of \$25.00

Mild Over-user: usage of 11,221 gallons up to 16,830 gallons at a rate of \$0.0045 a gallon for above 11,220.

Moderate Over-user: 16,831 gallons up to 33,660 gallons at \$0.019 for above the 16,830. \$25.00 existing fee

Extreme Over-user: 33,661 to anything beyond at \$0.027 a gallon
\$25.00 existing fee

B. To handle overuse that threatens the capacity of the system

During high use periods, when the system level reaches 50% of capacity, all residents will be notified to use '**Heightened**' conservation methods and of the potential for a water surcharge. At this point, cistern levels will be monitored more closely. Subsequently, if there is an ongoing water shortage and

the system level reaches 80% system capacity, all residents will be notified the system has reached a 'Critical' conservation level and to curtail unnecessary water use. Users who in the prior month have consumed in excess of 16,830 gallons will in addition be reminded of their high usage. At the Board's discretion and if deemed necessary, the Board may implement a process to monitor and surcharge users for excessive water consumption and/or restrict water use in the event of a water availability crisis.

C. To deal with system failures, malfunctions and maintenance;

When the water supply system is impaired due to a component failure, is limited by maintenance requirements or for any other reason, at its discretion the board can invoke the 'Heightened' conservation or the 'Critical' conservation protocols. Examples include: a broken pipe, a well or delivery pump failure or repair, a cistern repair or required drain, etc...

Notification method to alert users of the need to reduce water consumption:

Heightened Conservation Level- every unit will be notified by use of electronic means. Those units using water above the normal rate that don't respond, will be notified in person at their residence and by phone by a member of the water committee/board. All such notifications are to be documented and filed. If the user can't be reached, they will be considered warned about a potential surcharge and a notice will be posted at their residence and documented with a photo of the notice.

Critical Conservation Level – In addition to the above, three attempts (separated by a minimum of 24 hours) will be made to reach all users. Following the third unsuccessful attempt to notify the user of a unit using above the normal rate (11,220 gallons) in the prior month, the residence will be assumed to be unoccupied and the water will be turned off, to protect the residence and to conserve water. Residents can contact the water committee/board for a resumption of service. Those residents that have been contacted but are unresponsive to water reduction requirements will be referred to the board for action.

Be it resolved that on this day 8th in the Month of April and year 2020 that the Board of Directors sign this Resolution to help ensure our Water System meets the need of all in the Community.

Resolution of the Board of Directors

2020-1

POLICY FOR TERMINATION OF WATER UTILITIES

RECITALS

- A. High Desert Estates Homeowners Association, Inc. (“**Association**”) is charged with the management and operation of High Desert Estates Homeowners Association. The Association is governed by the following documents recorded in the Records of Crook County, Oregon:
1. Restated Declaration of Covenants, Conditions, and Restrictions for High Desert Estates Subdivision, recorded on April 24, 2009 as Document No. 2009-234199, including any amendments or supplements thereto (“**Declaration**”).
 2. Restated Bylaws of High Desert Estates Homeowners Association, Inc., recorded on April 24, 2009 as Document No. 2009-234200, including any amendments thereto (“**Bylaws**”).
- B. The Association is also governed by the Oregon Planned Community Act, ORS 94.550 *et seq.* and by the Oregon Nonprofit Corporation Act, ORS Chapter 65. The Association was formed as a nonprofit corporation by Articles of Incorporation filed with the Oregon Secretary of State on April 15, 1993.
- C. Article V, Sections 5.5 of the Bylaws vest the Board of Directors (“**Board**”) with all the powers and duties necessary for the administration of the affairs of the Association.
- D. Article V, Section 5.10 of the Bylaws and ORS 94.630(1)(a) empower the Board of Directors to adopt Rules and Regulations.
- E. Article VIII of the Declaration requires members of the Association to hookup and use the Association’s water supply system.
- F. Pursuant to Article V, Section 5.5(e)(2) of the Bylaws, the Board may disconnect the water service to a lot for violations of the Association’s Declaration, Bylaws, and Rules and Regulations.
- G. Article V, Section 5.5(e)(3) of the Bylaws allows the Board to install any device required by law or necessary for the overall health and safety of the Association’s water system and its users.
- H. Article V, Section 5.5(e)(3) of the Bylaws allows the Board to require the removal of any device(s) the State of Oregon deems a cross contamination potential to the Association’s water supply.

- I. OAR 333-061-0070 requires the Association, as a water utility provider, to make and enforce regulations ensuring the installation of a backflow device by a certified cross connection specialist on lots that require one to prevent contamination of the Association's water supply.
- J. The Association provides water as a utility to each lot, the cost of which is a common expense assessed to all lot owners and in accordance with rates established by the Board.
- K. Under Article VII, Section 7.3 of the Bylaws, lot owners are obligated to pay monthly assessments levied by the Association to pay for water utility services equal to the lot's usage.
- L. ORS 94.630(m) provides that the Association may adopt rules regarding the termination of utility services paid for out of assessments of the Association.
- M. ORS 94.733, Article XIX of the Declaration, and Article V, Section 5.5(e)(3) of the Bylaws grants the Board a right of entry to lots in order to correct a violation of the Declaration relating to the health and safety of the Association's water system. Such entry shall be at a time reasonably convenient to the owner; however, the Association shall not be deemed guilty in any manner of trespass for entering a lot in accordance with Article XIX of the Declaration.
- N. From time to time, lot owners fail to install the State of Oregon required backflow device or remove the water device(s) deemed a cross connection potential by the State of Oregon. Therefore, the Board finds it to be in the best interests of the Association to adopt this Resolution to set the procedure for termination of water utility services.

RESOLUTION

By authority granted in ORS 94.630(m), the Board hereby resolves to adopt the following policies regarding termination of utilities:

- 1. **Requirement Notice.** The Association shall send a first written notice to any lot owner, if the lot owner or any non-owner resident installs any water device(s) that the State of Oregon deems a cross connection potential on the lot requiring the installation of a backflow device. Such notice shall be sent by either personal delivery or by first-class mail to the lot owner at the last known address or addresses required for notice of meetings. This notice shall inform the lot owner a backflow device must be installed that meets State of Oregon requirements, or the lot owner must remove the device(s) that the State of Oregon deems a cross connection potential. Failure to comply with either installing the backflow device or removing the device(s) that the State of Oregon deems a cross connection potential within thirty (30) days of the date of the notice could result in the termination of the lot's water utility service.

Any lot owner that receives the notice described in this Section 1 shall inform the Board in writing that either the State of Oregon required backflow device has been properly installed or any device(s) that represent a cross connection potential is removed.

2. **Notice of Termination.** If any lot owner required by the State of Oregon to either install a backflow device on their lot or remove the device(s) deemed by the State of Oregon to be a cross connection potential fails to do so for more than thirty (30) days from the date of the written notice by the Association described in Section 1 above, the Board shall send a second written notice to the lot owner as provided in Section 3 below (“**Termination Notice**”). The Termination Notice shall be personally delivered or mailed by first-class and by certified United States mail, return receipt requested, to the lot owner at the last known address or addresses required for notice of meetings.
3. **Contents of Termination Notice.** The Termination Notice required under Section 2 above shall contain the following statements:
 - (a) The reason the lot is required by the State of Oregon to install a backflow device;
 - (b) A statement that the Board shall cause water utility service to be terminated unless either:
 - (i) The backflow device is installed within fourteen (14) calendar days of the date of the Termination Notice by a certified cross connection specialist;
 - (ii) The device(s) the State of Oregon deems a cross connection potential on the lot that requires the installation of the backflow device is removed; or
 - (iii) The lot owner(s) requests a hearing within fourteen (14) calendar days of the date of the Termination Notice.
 - (c) The date on which water utility service will be terminated by the Board or its designated representative; and
 - (d) The contact information and person to contact in order for the owner to request a hearing.

A sample Termination Notice is attached as Exhibit A to this Resolution for illustrative purposes only.

4. **Non-Lot Owner Residents.** To the extent the Association’s Board is aware of non-lot owner residents residing on the lot, the Termination Notice shall be mailed by first-class mail, addressed to the “Occupants of Lot _____” at the lot address. The Termination Notice shall only state that the water utilities to the lot are being terminated for failure to install a State of Oregon required backflow device or remove the device(s) that the State of Oregon deems a cross connection potential that requires the use of the backflow device, and the date on which utilities may be terminated.

5. **Termination of Utilities.** If the lot owner or any non-owner resident has received the Notice above, and the lot owner has failed to install the State of Oregon required backflow device, remove the device(s) the State of Oregon deems a cross connection potential on the lot requiring the backflow device, or has not requested a hearing within fourteen (14) calendar days, the Board shall cause water utility services to be terminated. The Board has the right to enter a lot for the purposes of terminating water utility service in accordance with Article XIX of the Declaration.
6. **Hearing.** If a lot owner requests a hearing within fourteen (14) days of the date of the Termination Notice, the Board shall set a hearing and give reasonable notice to the lot owner of the date, time, and place of the hearing. The Board shall either render its decision at the conclusion of the hearing, or take the matter under advisement and render the decision at a later Board meeting. All decisions of the Board shall be in writing, a copy of which shall be provided to the lot owner within ten (10) calendar days of the determination.
7. **Costs.** Costs associated with termination of utility services shall be added to the lot owner's monthly assessments and collected as provided in the Declaration and Bylaws.
8. **Manager.** The Board may delegate the duties of sending notices to owners or other tasks to a manager or other designated representative of the Board for the Association. However, all hearings must be held before the Board in an open Board meeting.
9. **Other Remedies.** Nothing in this Resolution precludes the Board from taking further enforcement action against a lot and its owner to ensure compliance with the State of Oregon required backflow device installation as permitted by the Association's governing documents or applicable law.
10. **Delivery to Lot Owners.** A copy of this Resolution shall be sent to all lot owners at their last known address.

The undersigned President and Secretary certify that this Resolution was adopted by the Board of Directors at a meeting held on:

March 3, 2020.

RE: **NOTICE OF TERMINATION OF UTILITIES**

Dear Mr./Ms. Doe:

The records of High Desert Estates Homeowners Association show that you are thirty (30) days' past the date required for you to install a backflow device on your lot or remove the device(s) that the State of Oregon deems a cross connection potential necessitating the backflow device installation. Our records reflect the following:

The Association has the right to terminate your water utility services pursuant to High Desert Estates Homeowners Association Policy for Termination of Water Utilities Resolution. You have a right to a hearing to challenge this notice. **If either the State of Oregon required backflow device is not installed, the device(s) that the State of Oregon deems a cross connection potential on the lot requiring the installation of a backflow device is not removed, or if you fail to request a hearing within fourteen (14) days of the date of this letter, water utility services will be terminated.**

All charges, including attorney fees, associated with collection of your assessment account are imposed against you and your lot as provided in the Declaration and Bylaws.

You may request a hearing if you disagree with the need to install the State of Oregon required backflow device. To request a hearing, you may contact the undersigned in writing to voice your challenge. The Board must receive any written challenge of the calculation of these charges within fourteen (14) days of the date of this notice. If a hearing is not requested by the end of the 14-day period, your right to a hearing is forfeited.

Your prompt attention and compliance is appreciated.

Sincerely,

[Name of Association Representative]

**HIGH DESERT ESTATES HOMEOWNERS ASSOCIATION
INCORPORATED**

RESOLUTION OF THE BOARD OF DIRECTORS

2017-5

WHEREAS, Article 8, Section 8.7 Paragraph 1 Item A of the Restated By-Laws of High Desert Estates Homeowners Association Incorporation gives the Board of Directors authority to adjust the amount of payments as indicated by the study (Reserve) ; **and**

WHEREAS, OARS 94.595 Paragraph 3-a states:

The board of directors of the association annually shall conduct a reserve study or review and update an existing study to determine the reserve account requirements. Subject to subsection (8) of this section, after review of the reserve study or reserve study update, the board of directors may, without any action by owners:

- (A) Adjust the amount of payments as indicated by the study or update; and
- (B) Provide for other reserve items that the board of directors, in its discretion, may deem appropriate.

Based Upon the above Recitals, the Board of Directors of High Desert Estates HOA resolves as follows:

1. To raise the monthly fee from \$35.00 to \$45.00 effective January 1, 2018. Approved by the majority of the Board on December 18, 2017.
2. To raise the amount that is to go into the Reserve Fund by \$10.00, making the total monthly reserve contribution amount \$20.00.

Resolution of the Board No. 2017-4

WHEREAS, The High Desert Estates Homeowners Association, Inc. (HDEHOA) Board of Directors are Operators of the High Desert Estates Water System, on file with the State of Oregon and Crook County as PWS ID# OR4101457, and

WHEREAS, the purpose of this Resolution is to protect the health of the people served by this water system by preventing contaminants from flowing backwards into the water supply. To accomplish this, these rules are in compliance with OAR 333-061-0070 thru 333-061-0074. This includes installation, maintenance and testing of backflow prevention devices and assemblies, as well as other rules to report backflow data to the Oregon Health Authority (Department of Human Services) every year; and

WHEREAS, Actual or potential cross connections are prohibited by Oregon law. If a potential exists for a cross connection and this is necessary, the water system must be protected by an appropriate and State approved backflow prevention device or assembly. Most high hazards or health hazards are specified in the above listed Oregon Administrative Rules. They should therefore be given the highest priority by this water system;

NOW THEREFORE, BE IT RESOLVED upon a motion, second and a unanimous vote of the members present at their regular meeting on July 17, 2017 that:

To further implement the goal of Resolution of the Board No. 2011-1, HIGH DESERT ESTATES HOMEOWNERS ASSOCIATION, INC., shall have the right to require a backflow device be installed at the customer's side of the water meter upon all transfers of real property in High Desert Estates, beginning with the date of signing of this resolution.

HIGH DESERT ESTATES HOMEOWNERS ASSOCIATION RESOLUTION OF THE BOARD OF DIRECTORS

WHEREAS, Section 7.3 of Article VII of the Restated Bylaws of High Desert Estates Homeowners Association ("HOA") gives authority to its Board of Directors to adopt rates for water usage "in such manner and at such rate as the Board of Directors shall determine"; and

WHEREAS, Section 8.4 of Article VIII of the HOA Bylaws provides that "The Board of Directors, on behalf of the Association, shall assess the Owners for water service and water usage per Article 7.3. Charges assessed to the Owners shall be reviewed from time to time, established and implemented by Resolution of the Board"; and

WHEREAS, the Board has fulfilled its responsibility to review the water usage rates.

BASED UPON the above Recitals, the Board of Directors of High Desert Estates HOA resolves as follows:

1. The Board of Directors has voted to add a third tier to the existing water rate structure, with Tier 3 Beginning at 22400.0 gallons and applying to all usage above that amount. The rate for this tier is currently set at \$0.009/gal.
2. This Resolution supersedes and replaces Resolution 2017-2 dated 27 March 2017 due to the omission of the Tier 3 beginning figure from Item 1 in the original Resolution.

Approved by unanimous vote of the duly elected Board of Directors of High Desert Estates HOA this 24th day of April, 2017.

RESOLUTION OF THE BOARD OF DIRECTORS**

WHEREAS, Section 9.1 of Article IX of the Restated Bylaws of High Desert Estates Homeowners Association ("HOA") gives authority to its Board of Directors to adopt rules and regulations governing the operation and use of the lots in High Desert Estates Subdivision ("Subdivision") as it may deem necessary or appropriate in order to assure the peaceful and orderly use and enjoyment of the Subdivision; and

WHEREAS, Section 7.1 of the HOA Bylaws states that the primary purpose of the HOA is maintaining a potable supply of water to all of the tax lots in the Subdivision; and

WHEREAS, a private easement is located across the west 30 feet of Lots 1 through 22 in Phase I of the Subdivision ("Frontage Road"); and

WHEREAS, a waterline and valves that are a part of the Subdivision water system are located along Frontage Road; and

WHEREAS, maintenance of Frontage Road, including plowing snow from Frontage Road may be beneficial to the members of the HOA in order to maintain the Subdivision's water system.

BASED UPON the above Recitals, the Board of Directors of High Desert Estates HOA resolves as follows:

1. The HOA Board of Directors shall determine, in their sole discretion, the amount of maintenance, including snow plowing, to be conducted on Frontage Road, in order to provide appropriate access to the waterline and valves located along Frontage Road.

HIGH DESERT ESTATES HOMEOWNERS ASSOCIATION RESOLUTION OF THE BOARD OF DIRECTORS

WHEREAS, Article XII of the Restated Declaration of Covenants, Conditions, and Restrictions ("CC&Rs") for High Desert Estates declares that "No firearms are to be discharged within High Desert Estates Subdivision;" and

WHEREAS, the Board of Directors of High Desert Estates Homeowners Association ("HOA") recognizes the profound safety issues addressed by said Article XII, as well as recognizing the need for appropriate penalty for violation of said Article XII; and

WHEREAS, Section 9.1 of Article IX of the Bylaws of High Desert Estates HOA gives authority to its Board of Directors to adopt Rules and Regulations; and

WHEREAS, Section 8.8 (a) of Article VIII of the Bylaws of High Desert Estates HOA gives the Board of Directors the power to levy special assessments for breach of an owner's obligation under HOA Rules and Regulations;

NOW, THEREFORE, the Board of Directors of High Desert Estates HOA adopts the following rules:

Any owner or owners who discharge a firearm within High Desert Estates Subdivision or allows any other person to discharge a firearm within High Desert Estates Subdivision shall be subject to the following penalties:

1. For the first violation, the Board of Directors, by majority vote, shall levy a special assessment not to exceed \$500 against such owner or owners.
2. For the second violation, the Board may file suit and seek an injunction to prohibit the owner or owners from discharging firearms within High Desert Estates Subdivision or allowing any other person to discharge a firearm within High Desert Estates Subdivision. As part of such suit, such homeowner or homeowners shall be responsible for paying court costs and attorney's fees of High Desert Estates HOA.

Ref. pay item no. 012-013-014 and pay items 09-010-011
invoice no.98355 dated 11/19/07 from Knife River Corp.

Whereas the amount of asphalt in the truck, prior to application , was part of a shared load with HDE and Mr. Hamilton's driveway, and was an estimation by the Supervisor of the paving crew for Knife River Corp. and Bill Huret as a representative of HDE, and

Whereas, after HDE received the cost breakdown for each portion of the total paving project, Bill Huret measured Mr. Hamilton's finished project and compared it with a known volume of asphalt applied on a similar driveway within HDE and found that the estimated amount of asphalt used on Mr. Hamilton's driveway to be erroneous. The actual amount used on Mr. Hamilton's driveway, should require the cost to him be reduced to \$1,050.00 as the portion applied to the HDE project was more than estimated. Therefore,

Be it Resolved, that HDE will incur the difference in price in the amount of \$267.50 thus increasing the cost for the end of David way from \$44,115.93 to \$44,383.43. The result of this action means that HDE paid for asphalt that they actually used and Mr. Hamilton paid in full for the asphalt that he actually used.
